Description

During 24 class hours spread over three weekend days, students will learn how to weave their very own scarf out of rayon bouclé yarn. They will learn how to plan a weaving project, and read a simple weaving draft.

After designing their own scarf and measuring the yarn for it, students will be taught how to warp a floor loom using the "front to back" method.

After weaving their scarf, they will learn a variety of finishing techniques including hemstitching, knotting and twisting fringe.

No previous experience is necessary, and all materials are provided, including floor looms.

Prerequisites for participants: No previous experience is necessary, and all materials are provided.

Materials to be provided by/additional instructions for students: Bring a pencil and paper for taking notes.
