

Weaver's Challenge 2016
Leslie Fesperman
Shawl in Plain Weave and Twill

The Challenge Criteria:

- All Black
- Thick and thin warp threads
- More than one weave structure
- Piping other than woven.

I did an alternating plain weave and twill weave using a 5/2 black rayon. Threads were double in the warp and weft at the change to twill. The piping has 3 threads woven in at the selvage for the border.
